

## IN THE SPECIFICATION

Please replace the paragraph beginning at page 5, line 1, with:

~~The technical characteristics of the invention, related to the aforesaid scopes, are clearly found from the written claims, and the advantages of the invention will turn out mainly obvious in the~~ from this ~~detailed description that it follows, made~~ made with reference to the attached ~~designs, that~~ drawings that represent[[s]] a pure example and not a limiting realization in ~~which~~. FIG. 4 illustrates one block ~~outline, not limiting, of an~~ outline example ~~of realization, not limiting,~~ of the invention. FIG. 5 illustrates a schematic diagram of the electromagnetic generator ~~in cavity, equipped~~ and cavity of coherent oscillation module (27) and ~~of the~~ preliminary injection module (22) for the field generation, ~~of its~~ and their power supply (25), ~~of~~ ignition circuits, couplings and demodulator unit (28) ~~the~~ and amplifier (29), as contained in the handle (19)[[,]] and ~~of the~~ exploring head dome (20).
